Louise Van der Velde is a Master Trainer in many therapies, and over the last 15 years has become an expert in the field of Neuro-Linguistic Programming (NLP) and modern psychology. She has advanced training in Emotional Freedom Technique (EFT) and is a Reiki, Dru Yoga and Tantric sex teacher.

As a relationship therapy expert Louise has worked successfully with hundreds of couples. She achieves very fast results in healing the deep issues that couples face. Now a regular face on our TV screens as the Relationship Transformer and, more recently, as The Love Doctor of GMTV, Louise uses her signature treatment "The Transformation", coupled with her psychic abilities, to bring about complete changes of behaviour in people in record breaking times.

Be it on the phone, via the internet or in person, Louise is the leader in her field. She runs a practice in Harley Street, London and works in Alfaz del Pi, Spain where she also lives.

The very popular Transformation Treatment has become Louise's signature, uniquely designed using her vast life experiences and amazing change therapies. It works so profoundly and rapidly, because it is not slowed or blocked by the traditional "what, why and hows" of old-school psychology. Quite simply the seven steps of The Transformation tm process work on clearing and changing emotions, thus creating resolution and release of problems at the depth and cellular level of their creation. Once we remove those negative e-motions (which are "energy - in - motion") a feeling of confidence, well-being and ultimately total contentment can prevail. Louise has a huge passion for what she does and is delighted to be living her life's purpose guiding and helping people to cure dis-ease, and achieve their highest aspirations in life.

"Using EFT, Louise's famous 'One Minute Wonders!' have transformed people's minds and beliefs in seconds! My clients revel in their stories of healing mental, emotional and physical issues in record-breaking time. The ones who dare to try The Transformation are blown away by their own capabilities, Louise is gifted in bringing out the amazing potential, which exists in each and every one of us.

She says "We are magnificent and can fulfil all our dreams, and desires. All we need to completely unleash the best in us, is positive intention, a little ancient knowledge, and some of the most powerful change techniques known to mankind. Now, for the first time they have been brought together in one package. So come on and be the transformation you want to see in the world!

Let me show you how to achieve it all...
